

# Our School

英語による学校紹介

I would like to introduce our school.

Our school is Hadano Soya High School established by Kanagawa. Our school is in Kanagawa Prefecture, and is 35 years old. Our school has three big events in a year: Sports Festival, Culture Festival, and Turkey Fest.

Students can experience welfare work. They can also take an Eiken Test at school. After school, some students study in the Study Room or the Common Hall. There are many kind people, and they help each other.

Our school uniform is wonderful. It's very nice! If you enter our school, you can enjoy many things at Hadano Soya!
