The World in 2030

I think the world in 2030 will be a better place to live in.

I have two reasons.

「2030 年の世界は良くなる」とまず述べる。次にその理由を2つあげる。英文エッセイの基本的書き方。

First, I think many kinds of robots will evolve. For example, when elderly people in countryside want to get goods through online shopping, robots will help the elderly people get the goods they want.

理由①「ロボットが高齢者を助けるから。」

Second, humans will achieve SDGs, and everyone in the world will be able to get food and clean water.

理由②「SDGs を達成するから。」

That's why I think the world in 2030 will be a better place to live in.

最後にもう一度「2030 年の世界は良くなる」と述べる。

So good.
So cool, Soya!
