

# 1年「論理・表現Ⅰ」の生徒の作品です。

令和5年9月13日

生徒は、1学期に学んだ表現を使って、夏休みに経験したことを英語で書きました。その後、スライドを用いて、写真とともに、訪れた場所、食べ物や人物描写などについてプレゼンテーションしました。この活動を通して、ライティング力をはじめ、発音やアイコンタクトなどのスピーキング力の向上を目指しています。プレゼンテーションは興味深い内容が多く、私も楽しめるものでした。（授業者）

## 私の弓道部

I will talk about my club activities. I belong to the kyudo club. The kyudo club practices five times a week. There are many interesting members in the club. They are my good friends and good rivals! We enjoy playing Japanese archery because they are there. I practiced with them at the Hadano Kyudo Hall. It is an official kyudo place, and very beautiful. The Hadano Kyudo Hall has an air conditioning in the rest room, and it was very comfortable. During the practice, our coach brought cookies for all the club members, and they were delicious.

## あつぎ鮎祭

I will talk about my trip to Atsugi City. I went to a festival called Ayu Maturi with my mother. It's held every summer in Atugi City. Then, I saw fireworks. I was impressed because they had various colors and big sounds. They were very beautiful. At the festival, my mother bought street food for me. There were many stalls and they were crowded with many people. I needed to wait in a line at the stall in order to buy Ayuno-Shioyaki. I ate it in the evening. It was very delicious. I want to go again next year.

## 足柄金太郎祭

I will talk about a summer festival in Minami Ashigara. My grandpa lives in Minami Ashigara. Every summer I visit my grandfather's house in Minami Ashigara to go to the summer festival with him. My grandparents always look forward to seeing us, and we meet regularly for dinner.

The festival was called Kintaro Festival and was held for the first time in four years. Perhaps because of that, there were many people and it was very lively. I had fried chicken, takoyaki and shaved ice. They were very delicious. We look forward to seeing them again next year !

So good.  
So cool,
