

To the Parents:

The Emergency Declaration for Coronavirus Infection (COVID-19) was lifted on May 25, 2020.

We are restarting educational activities at the Prefectural schools step by step; guidance for restarting, attendance in groups, staggered commuting, shortened class hours, and so on.

Please measure kids' temperature every morning and night. When kids have fever or cough, please inform school. If you are worried, please consult your teachers.

Our goal is to create a new normal for our everyday lives. Thank you for your understanding and cooperation.
