

To the Parents:

The Emergency Declaration for Coronavirus infection (COVID-19) was issued on April 7, 2020, and Kanagawa Prefecture was also targeted.

For the Prefectural schools, we decided to close schools till May 6 to protect health and life of kids and citizens. There is no designated school attendance day. Each school may set some attendance opportunities for purchase of textbooks or consulting. For the kids in the special schools, please consult the teachers how to spend daytime.

Please measure kids' temperature every day. When kids have fever or cough, please make them stay home. If you are worried, please consult your teachers.

We will notify you soon when we change our policy.
