During my homestay in Australia, I had many wonderful experiences.

My host family made many delicious meals.

We had a fun pizza party, and a big ice cream.

On weekends, She took us to many amazing places. I rode a boat to see the city, visited the Butterfly House that her favorite place and went to the beautiful Australian sea.

At home, she made tea and gave us time to relax and communicate in English with us. So we got to know each other.

Thanks to her, I could enjoy Australia. It became an unforgettable memory for me.
