

# My Memories of Guam

## ★Guam

I went to Guam for the first time. The moment I got off the plane, I noticed a whiff of air different from that of Japan. Unlike dry Japan, I felt the humidity was high. People in Guam were so friendly and the sea was crystal clear and very beautiful.

## ★Saint Paul Christian School

First of all, I met my partner for the first time. At first, I was nervous, but as we talked, the tension slowly dissipated. My buddy taught me many things about the school. I attended classes in English, Math, Christianity, Chemistry, and American History. All the subjects were interesting. I also thought it was interesting to see the differences between classes there and those in Japan. The food at the school was really good too.

## ★Host family

When I first met them, I was very nervous, but they were very kind people. They ate the snacks I brought from Japan. They liked it and I was happy. I was also able to tell them about Japan, such as making paper balloons and calligraphy. They took me to many places in Guam. Everywhere was lovely.

Through this training in Guam, I was able to broaden my horizons. I was able to learn about cultures and lifestyles that are different from those in Japan. It also gave me a chance to become more interested in English. I would like to make the most of this experience in my future life.
