

~My Memories of Guam~

SAINT PAUL CHRISTIAN SCHOOL

First of all, I met with my buddy at school. She showed me around the school a lot. The 1st period was Math. Before the class started, we all sang the national anthem. In orchestra class, we played the violin. They taught us "Twinkle Twinkle Little Star" and it was a lot of fun because we never played the violin in music class at Shichirigahama High School. We also wrote letters to God in a monthly meeting. It was a very precious experience for me to feel Christian perspective. During recess, we played volleyball and ate snacks together. We also enjoyed playing Japanese games such as handkerchief dropping and making a samurai helmet together. It was really fun. I got to know the Guam students and they treated me kindly and we became friends right away!

Homestay

Day 1: I went to a taco shop called Taco Bell and had dinner in the school classroom. After that, I watched a volleyball game in the gym. And then, Host family took me to K-mart. I was surprised that they sold everything in a big store I've never seen before.

Day2: I found that there are no trains or buses in Guam. That's why my host family gave me a ride to school.

Day3: School was out for the day and I spent the whole day with my host family. We went to the beach and swam. The sandy beach was white and very beautiful. After that, everyone gathered at the teacher's house for a BBQ. It was great to be able to communicate with everyone!

Comment

There are many things I learned only after visiting Guam. I was able to feel Christianity, and I learned a lot about food culture, English, and so on. It was a very valuable experience for me to be able to go there and feel things that I have read about in textbooks!
