

# KANAGAWA PREFECTURAL SHINEI SENIOR HIGH SCHOOL

## SHINEI SHS Mission & Philosophy 「<sup>みが</sup>磨こう自分 <sup>つく</sup>作ろう<sup>しんえい</sup>新栄」

As a high school with a full-time course and a grade-level general course, we aim to foster academic ability in every student by considering their individual characteristic along with the specific context of our region and school. In order to respond to each student's career aspirations, we individualize a curriculum aimed at developing academic ability, cultivating humanitarianism, and developing social and vocational independence.

Intending to cultivate the four abilities, the ability to accumulate knowledge, the ability to demonstrate the power to live, the ability to develop a career path, and the ability to be disciplined, we work to enhance educational activities such as academic guidance, career education, and student counselling.

Implementing lessons aimed to enrich learning by incorporating different perspectives and independent and collaborative learning, enhancing the ability of students to discover and solve problems on their own, increasing their motivation to learn independently, and developing the qualities and skills that the future requires, we work to enhance educational activities, such as constant improvement of classes aimed at realizing proactive, interactive, and deep learning.

## School Data

	<b>Midori School for Special Needs Education Annex</b> <ul style="list-style-type: none"> <li>★School facilities shared by both schools</li> <li>★Many different school events to encourage cooperation with one another</li> </ul>	

## Multicultural Education

### ★Special Japanese classes for foreign students

For Japanese learning support for foreign students, a Japanese placement test will be conducted before admission, and the subjects to be replaced by special Japanese lessons will be determined by the results of the test.

### ★After school Japanese classes for foreign students

With the help of Japanese volunteers provided by Tsuzuki Multicultural Youth Plaza, after school Japanese classes are offered to our foreign students every Wednesday afternoon from 3:30pm to 5pm. [Tsuzuki MY Plaza \(tsuzuki-myplaza.net\)](http://tsuzuki-myplaza.net)

### ★Various events to join organized by Tsuzuki International Friendship (TIF)

We team up with TIF to provide our foreign students with many different opportunities to learn more about Japanese culture as well as other cultures by participating in the various events organized by TIF.

### ★International Exchange Programs (DSTY, Korea, Botswana, & Taiwan)

We offer our students several chances to interact with high school students in Korea, Taiwan, and Deutsche Schule Tokyo Yokohama in Japan. In summer vacation, we visit the Embassy of Botswana and the Embassy of Taiwan, located in Tokyo to figure out the embassy services.

## Student Council

The student council consists of a Head Council that oversees everything, including all extracurricular activity clubs and various committees, such as the cleaning and broadcasting committees. The student council is responsible for the daily operation of classrooms and school events.

Shinei SHS's sports festival is held in June. All students are divided into three teams, which compete against each other in many athletic events. September is the "Asunaro-sai," the school's cultural festival. Many student organizations use this as an opportunity to show off what they have done and to give performances.

The students take pride in this because they have put a lot of time into their organizations. The student council is in charge of planning and operating these crucial events.

## Club Activities
