10 Submission of an interview sheet to SHINEI SHS is required before the examinations.

Some schools may require the applicant to fill out an interview sheet. In this case, the applicant should write about their own thoughts by themselves and submit it to the high school. Japanese language has to be used in filling out this sheet. This sheet will be used as a reference at the time of the interview and the contents of the sheet will not be evaluated as a part of the examination. If the applicant changes the school and the newly chosen school requires an interview sheet, the applicant needs to prepare an interview sheet anew and submit it to the newly chosen school.

A copy of the interview sheet is allowed to be submitted. Some of the schools specify their own form of interview sheet for submission instead of the standard interview sheet.
