

# KANAGAWA PREFECTURAL TAMA SENIOR HIGH SCHOOL

## Tama SHS Mission and Philosophy しつじつごうけん じちようじじ 「質実剛健・自重自恃」

As a school motto, we have set up “simple, strong, and self-reliant.” This statement means cultivating the ability to strive to develop oneself and society within the spirit of independence. It also means nourishing the ability to take care of oneself and act without losing sight of oneself when faced with adversity.

The two primary educational goals are to help enhance academic skills and to foster independence and creativity. In terms of academics and extracurricular activities, we aim to pursue forms and content that allow students to take the initiative and demonstrate their creativity.

### A Quick Overview of TAMA SHS

70-min Classes	Famous for School Events	Effective Career Education
<ul style="list-style-type: none"> <li>★ Strive to develop students' self-expression and critical thinking skills through independent, interactive, and deep learning</li> <li>★ Aim to provide ample time for student-oriented group work, experiments, discussion, and presentations.</li> <li>★ Encourage students' spontaneous learning through 70-min classes.</li> </ul>	<ul style="list-style-type: none"> <li>★ Three major school events                             <ul style="list-style-type: none"> <li>• Cultural &amp; Sports Festival</li> <li>• Chorus Contest</li> <li>• Ball Game Festival</li> </ul> </li> <li>★ Welcome Camp for the first-year students</li> <li>★ Long Distance Walk to Kawasaki Daishi Heikenji Temple</li> <li>★ SSH National Conference</li> <li>★ Domestic &amp; Overseas SSH School Trip</li> </ul>	<ul style="list-style-type: none"> <li>★ Enhancement of individual interviews and career guidance</li> <li>★ Career guidance using external test data</li> <li>★ Lectures made by univ. and college professors</li> <li>★ Exploration as career education, seeking for adequate knowledge to fulfill the goals</li> <li>★ Saturday class</li> <li>★ Summer class</li> <li>★ Self-study room available anytime for students</li> <li>★ Newly-built, fully air-conditioned school facilities</li> </ul>

## SSH (Super Science High School)

designated by the MEXT (Ministry of Education, Culture, Sports, Science and Technology) April 2019 - March 2024

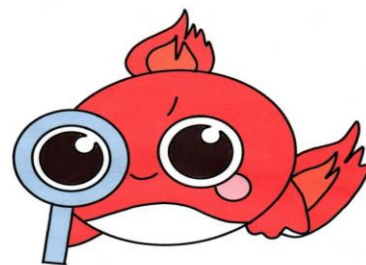

## Research and Development Issues

To develop a curriculum designed to foster scientific literacy and internationality through inquisitive activities from the perspective of Sustainable Development Goals(SDGs).

## Outline of Research and Development

Establishing a new school subject called, “Meraki,” we will develop problem-finding abilities, problem-solving abilities, and logical thinking abilities in our students.

“Meraki” also can integrate subjects related to problem research, and can create deep inquisitive activities in collaboration with universities, research institutes, companies, etc.

何でも知りたがりの出目金のデメーキ。  
片手にはいつもルーペを持っている。  
ひれは情熱の炎。  
背びれの模様はメラキの“M”

## Cross-curricular learning efforts” utilizing SDGs

We will conduct cross-curricular learning from the perspective of SDGs and systematically practice lessons to acquire the skills that our school wants to develop, such as problem-finding abilities, problem-solving abilities, and logical thinking abilities.

## Fostering human resources for science and technology with a global perspective.

By expanding opportunities for presentations on inquisitive activities. Such as training and joint research by overseas universities and result presentations within the school. We will develop internationality, communication skills in English, presentation skills, and discussion skills. We will also play an active role in the international community. That will lead to the development of global human resources with scientific literacy.

### Student Council

The student council consists of a Head Council that oversees everything, all extracurricular activity clubs, and various committees, such as the cleaning and broadcasting committees. The student council is responsible for the daily operations of classrooms and also school events.

Tama High School's sports festival is in September. All students are divided into four teams, which compete in many athletic events against each other. August is the "Tama High School Festival," the school's cultural festival. Many student organizations use this as an opportunity to show off what they have done and give performances.

The students take pride in this because they have put a lot of time into their organizations. The student council is in charge of planning and operating these crucial events.
